

WELCOME TO GOODLY.™

We make incredibly great-tasting, wholesome food using surplus produce that would have otherwise gone to waste. Those slightly imperfect tomatoes, excess squash, oversupply of potatoes, beets and other hearty vegetables make excellent soups, stews and irresistibly nourishing meals. Try us and enjoy the beauty of Good Food!

Not only do we make exceptional food, Goodly™ is not your average food company, right down to its core. Founded in 2018, with the help of a few very supportive partners, we're a unique social enterprise that employs workers with barriers to traditional employment, helping them earn a living wage making. That is souper Goodly!
